PJK:...

*Date*

Since with this amendment the term "physical custody" includes "physical placement," I removed "physical placement" from the bill when it was used with "physical custody." I retained it when it was used alone or with "visitation," and when it was used with just "custody." Since there are places in the bill where it makes no sense for "physical custody" to include "physical placement," such as when a law enforcement officer takes physical custody of the child, I added "unless the context otherwise requires" to the definition of "physical custody."
